SUMMARY

Passionate Computer Science graduate skilled in ReactJS, NextJS, TypeScript, and JavaScript. Proven ability to develop responsive user interfaces and collaborate in frontend, backend, and full-stack web development projects. Seeking an opportunity to leverage expertise in building intuitive and scalable web applications while continuing to enhance skills in cutting-edge technologies.

EDUCATION

Universiti Teknologi Malaysia, Johor

Oct 2021 – Oct 2024

- Bachelor of Computer Science (Data Engineering) With Honours Computing
- CGPA : 3.85 (First Class)

WORK EXPERIENCE

Trainee, IT

Sep 2023 – June 2024

- Played a key role in developing the **TG eSupplier Portal**, a system estimated to save RM2.8 million annually by replicating **SAP Ariba Spend Management** features.
- Collaborated closely with colleague to design and implement responsive front-end interfaces using **ReactJS** and **TypeScript**, ensuring compliance with user requirement standards.
- Utilized Git for version control and AWS for deployment, contributing to a streamlined development and delivery process.
- Demonstrated strong problem-solving skills and attention to detail throughout the development lifecycle.
- Developed an automated bot to extract data from SAP Logon and process it in Excel, streamlining data analysis and reporting tasks.

PERSONAL PROJECT

Personal Portfolio Website – NextJS , JavaScript

- A dynamic portfolio website using NextJS to showcase personal projects and skills.
- Incorporated responsive design principles to ensure optimal user experience on various devices.

Imaginify (Learn from Youtube) – NextJS, TypeScript, Tailwind, Shadcn UI, Prisma, MySQL

- Developed an Innovative SaaS website that leverages the Cloudinary API to provide image editing, image restoration, generative fill, object removal, recoloring and background removal.

FullStack E-Commerce + Dashboard CMS (Learn from Youtube) – NextJS, TypeScript

- Admin dashboard is going to serve as both CMS, Admin and API
- Able to control multiple vendors / stores through this single CMS and CMS will generate API routes for all of those individually

SKILLS

- **Languages:** English, Mandarin, Malay
- **Technical Skills:** - **Frontend:** HTML, Tailwind CSS, Javascript, ReactJS
 - **Backend:** Python, Django
 - **FullStack:** NextJS
 - **Database & Storage:** MySQL, MongoDB
 - **Tools:** Clerk, Stripe, VS Code, Postman, PowerBI,

LEADERSHIP EXPERIENCE / COMPETITION EXPERIENCE

Committee of Hostel College KTHO, UTM

Oct 2022 – June 2023

- Treasurer of Biro Kebajikan dan Kesejahteraan
- Vice-Director Program of Gotong-Rotong Mengecat Garisan Parking
- Manager of Sport Frisbee

CodeNecton 2021, MMU

2021

- Participated in a competitive programming competition, collaborating with a team of students from various universities to solve complex mathematical problem.
- Applied knowledge of algorithms, data structures, and programming languages to develop efficient solutions.
- Progressed to the final round of the competition, achieving an 8th place finish among numerous participating teams.

Exxonmobile Dataworks Challenge

2022

- Leadership role in coordinating a team for a data analytics case study
- Use PowerBI for data visualization and presentation.
- Successful progression to the final round, achieving a 4th place.

Frisbee Hat, Singapore

2023

- Participation in an international Frisbee Hat, showcasing skills in strategic gameplay, teamwork, and athletic performance.
- Developed social skills by interacting with participants from diverse backgrounds.
- Gained valuable experience by learning new offensive and defensive strategies from the games, enhancing tactical knowledge and game understanding.
